INDEPENDENT AUDITOR'S REPORT

To the Members of
SDDCO Brokerage Advisors LLC:

We have audited the accompanying statement of financial condition of SDDCO Brokerage Advisors LLC (the "Company") as of December 31, 2013 that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of this financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

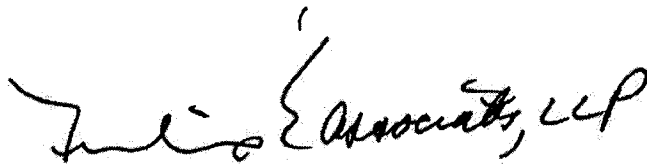

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether this financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in this financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of this financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of this financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of this financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of SDDCO Brokerage Advisors LLC as of December 31, 2013 in accordance with accounting principles generally accepted in the United States of America.

SDDCO BROKERAGE ADVISORS LLC
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2013

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

SDDCO Brokerage Advisors LLC (the "Company") was formed in the State of New York in December 2009. The Company registered with the Securities and Exchange Commission ("SEC") and the Financial Industry Regulatory Authority ("FINRA") on November 3, 2010. The Company is authorized to conduct an online brokerage business in conjunction with its clearing agent that includes the following business lines: retailing corporate debt and equity securities, both over-the-counter and through an exchange member; mutual funds; U.S. Government securities; and the Private Placement of securities. The Company may conduct Investment Advisory Services and the distribution of Third-Party Research. The Company is also authorized to provide general advisory and compliance services to other broker dealers, investment advisors, corporate clients, and hedge funds. The Company will continue indefinitely, unless terminated sooner by Management. The Company does not carry securities accounts for customers or perform custodial functions relating to customer securities and claims exemption from SEC Rule 15c3-3 pursuant to paragraph (k)(2)(ii).

Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Revenue Recognition

Revenue is recognized in the period the fees are earned.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Taxes

No provision for federal and state income taxes has been made for the Company since, as a limited liability company, the Company is not subject to income taxes. The Company's income or loss is reportable by its members on their tax returns. The Company has determined that there are no uncertain tax positions which require adjustment or disclosure on the financial statements. The tax years that remain subject to examination by taxing authorities are 2010, 2011 and 2012. The Company is subject to New York City Unincorporated Business Tax, a provision for which is reported on the statement of operations.

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Hierarchy

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a hierarchy of fair value inputs. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1. Quoted prices (unadjusted) in active markets for identical assets or liabilities the Company can access at the measurement date.
- Level 2. Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3. Unobservable inputs for the asset or liability.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The investment of the Company at December 31, 2013 consists of restricted certificates that may be converted into publicly traded shares at a specified future date. Their fair value is based on the exchange quoted price of the publicly traded shares into which they may be converted, however they are categorized as Level 2 because there is no market for the restricted shares.

NOTE 2 - NET CAPITAL REQUIREMENT

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the 'applicable' exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2013, the Company had net capital of \$161,553, which was \$149,684 in excess of its required net capital of \$11,869. The Company's net capital ratio was 1.1 to 1.

NOTE 3 - RELATED PARTY TRANSACTIONS

The Company has an agreement with S. D. Daniels & Company, P.C. ("SDDCO"), a related entity, whereby SDDCO provides certain administrative services and the use of certain office space in connection with the Company's operations. In exchange for these services and office space, the Company is billed a representative allocation of direct expenses based on square footage, human resources and other related factors. For the year ended December 31, 2013, expenses allocated to the Company by SDDCO were approximately \$72,300 and are included in various categories of the accompanying statement of operations. At December 31, 2013, the Company did not have a balance due to SDDCO.

NOTE 4 - SIGNIFICANT GROUP CONCENTRATION OF RISK

For the year ended December 31, 2013, the Company did not enter into financial transactions where the risk of potential loss due to changes in the market (market risk) or failure of the other party to the transaction to perform (counterparty risk) exceeds the amounts recorded for the transaction.

The Company's policy is to continuously monitor its exposure to market and counterparty risk through the use of a variety of financial, position and credit exposure reporting and control procedures. In addition, the Company has a policy of reviewing the credit standing of each broker-dealer, clearing organization, customer and/or other counterparty with which it conducts business.

NOTE 5 - GUARANTEES

FASB ASC 460, *Guarantees*, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying value (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement, as well as indirect guarantees of the indebtedness of others.

The Company has issued no guarantees effective at December 31, 2013, or during the year then ended.

NOTE 6 - COMMITMENTS AND CONTINGENT LIABILITIES

The Company had no lease or equipment rental commitments, no underwriting commitments, no contingent liabilities and had not been named as defendant in any lawsuit at December 31, 2013, or during the year then ended.

NOTE 7 - BENEFITS

The Company participates in a 401(k) profit sharing plan covering substantially all of its employees. The plan includes employee contributions and discretionary employer contributions. The Company is not required to make contributions; however, if the Company makes a contribution, it must at a minimum equal at least 3% of each participant's compensation, as defined under the plan. The Company contributed \$5,408 to the plan for the year ended December 31, 2013, which is reported on the 401(k) employer contributions line on the statement of operations.

NOTE 8 - SUBSEQUENT EVENTS

Subsequent events have been evaluated and no events have been identified which require disclosure.
